COLLECTING: Deadpool Corps #1-6 Excerpt from History of the Corps of Royal Engineers, Vol. 1 One of the consequences of the adoption of this new principle has been the production of the present volumes. They are the result of diligent research, extending over several years; on the part of one who has sought thus to occupy such talents as it has pleased Providence to leave unimpaired. I trust that I have in this way created, at all events, a framework which may be developed at some future time in the hands of a more capable historian. Excerpt from *The History of the Corps of Royal Sappers and Miners*, Vol. 1 of 2 The drawings were executed on stone by George B. Campion, Esq., master of landscape drawing at the Royal Military Academy, Woolwich. In illustrations like those in the present volumes, it was scarcely possible to delineate with exactness the complicated ornament which make up the ensemble of a soldier's uniform. Notwithstanding this disadvantage, the costume has been well defined, and much interest given to the embellishments, by the introduction of accessories, characteristic of the duties and employments of the corps. Griffin's epic sixth novel in THE CORPS series--a powerful, dramatic tribute to the courageous men and women who braved WWII. As Japanese forces close in for an all-out effort to recapture Guadalcanal from the American forces occupying the island, many fates converge and intertwine, finding Captain Charles Galloway, Major Jake Dillon, Sergeant Thomas McCoy and China Marine Killer McCoy in dramatic arenas all over the Pacific. From the Solomons to Australia to Washington, D.C., the warriors, plus the wives and sweethearts who love them, once more find themselves facing the challenges of their lives... Line of Fire brings to life a desperate mission of World War 2 that captures the drama and courage of the men who fought it. Two Marines, reporting on Japanese air activity, are trapped on a small Coastwatcher island. A special rescue team is assembled to save them—under enemy gunsight. It is an exciting and powerful story of real heroism that only W.E.B. Griffin could tell... From the turn of the 20th century until the end of World War II, the United States Marine Corps fought a series of "small wars," starting in the Philippines in 1899, and ending in the islands of the southwest Pacific in 1945. Through this experience, the Marines perfected the prosecution of such wars in its famed Small Wars Manual, written for Marine Corps schools in the late 1930s. The present volume is a chronological examination of the various Marine expeditions in the Pacific, West Indies and Central America from 1899 through 1945, and of the lessons learned. Aliens have conquered Earth, but they haven't conquered humanity—yet. A young army conscript battles for survival in this action-packed futuristic thriller that will appeal to fans of Halo and Inglorious Bastards. People used to wonder if we were alone in the universe. Well, we're not. Not by a long

shot. Aliens come in all shapes and sizes, and even the good guys are likely to haunt your nightmares. And oh, you'll have nightmares, even after you leave the service. If you leave the service. Devin is a reluctant conscript to an alien-run army: when the Accordance conquered Earth, they said it was to prepare against the incoming alien Conglomeration forces. But as Devin travels to the dark side of the moon for boot camp and better acquaints himself with his so-called allies, his loyalties are increasingly tested. Because the enemy of the enemy is not always a friend. Sometimes they're a far, far worse threat. Set in the midst of World War II, this novel of heroism and honor in wartime follows the U.S. Marines from horrific disaster at Pearl Harbor to glory and revenge on the beaches of Guadalcanal. The first two volumes of HAL JORDAN AND THE GREEN LANTERN CORPS as a part of DC Rebirth are collected here in hardcover for the first time ever! Hal Jordan is about to go from the head of the Green Lantern Corps to an army of one. Jordan's long, illustrious--and tumultuous--tenure with the Corps takes several hairpin turns. At lightspeed. Toward a black hole. In a blender! For starters, the Green Lantern Corps has disappeared, and now Sinestro's own Corps enforces his uniquely brutal brand of law and order in the universe. As a result, Jordan has no ring to sling, or Sector 2814 (a.k.a. Earth) to protect. (So more of the usual for Hal!) Green Lantern veteran Robert Venditti teams up with Rafa Sandoval and Ethan Van Sciver to pilot HAL JORDAN & THE GREEN LANTERN CORPS DELUXE EDITION VOL. 1! This collection features the first two paperback volumes of the series, combined to make a deluxe edition graphic novel in hardcover for the first time ever. Collects HAL JORDAN & THE GREEN LANTERN CORPS #1-13 and HAL JORDAN & THE GREEN LANTERN CORPS: REBIRTH #1. In one of his last major works for DC, Kirby envisions a 1984-inspired dystopia starring corporate nobody Buddy Blank, who is changed by a satellite called Brother Eye into the super-powered O.M.A.C. (One Man Army Corps). Enlisted by the Global Peace Agency, who police the world using pacifistic means, O.M.A.C. battles the forces of conformity in this short-lived but legendary series! Witness the early tales of Jack Kirby's legendary creation O.M.A.C. in this new graphic novel collecting

stories from O.M.A.C. #1-8 (1974-1975) plus artwork from WHO'S WHO! It's the 31st century, and the Universe Corps is a conglomeration of many planets. Everyone works together to make the best world for all the planets in the Corps. Margaret McBride is a first-year Cadet at the Universe Corps Academy. She and her cadet squad earn the right to a coveted training, one month on a communications satellite called the CRS2, but it is fondly referred to as the beer-can-in space. The usual CRS2 detail is a task for second-year cadets so it is an honor for this first-year squad to be placed there. But their excitement was cut short during the third week when a hostile alien presence invades the Earth, with Margaret and her squad trapped in the CRS2, and they have found that hostile aliens had come aboard. A wide ranging study that chronicles the remarkable growth of the Pakistan Armoured Corps over 95 years, and embraces its evolution, culture, doctrine, equipment, operational performance, garrisons, personalities, etc. In the future, earth's warriors have conquered the heavens. But on a distant world, Humanity is in chains ... Many millennia ago, the human race was enslaved by the An -- a fearsome alien people whose cruel empire once spanned the galaxies, until they were defeated and consigned to oblivion. But a research mission to the planet Ishtar has made a terrifying -- and fatal -- discovery: the Ahanu, ancestors of the former masters, live on, far from the reach of Earth -- born weapons and technology ... and tens of thousands of captive human souls still bow to their iron will. Now Earth's Interstellar Marine Expeditionary Unit must undertake a rescue operation as improbable as it is essential to humankind's future, embarking on a ten-year voyage to a hostile world to face an entrenched enemy driven by dreams of past glory and intent once more on domination. For those who, for countless generations, have known nothing but toil and subjugation must be granted, at all costs, the precious gift entitled to all of their star-traveling kind: freedom! In a bloody gang initiation gone wrong, Former Marine Staff Sergeant Cal Stokes simultaneously loses his fiancé and is thrust into America's unforgiving criminal underbelly. Never one to back down, the Navy Cross winner is forced to use the skills honed in the Marines along with the assets of his deceased father's company, Stokes Security International (SSI), to track down his

enemy and penetrate the world of his enemy. He must seek his own brand of justice...Corps Justice. Fear has a color. It's the gruesome glow of yellow, wielded by the totalitarian tyrant Sinestro and his Yellow Lanterns. And now the entire universe is bathed in its sinister light. The Sinestro Corps have replaced the Green Lanterns as the peacekeepers of the galaxy. Oa, the homeworld of the Guardians and their Green Lantern Corps, is no more. In its place at the center of the universe orbits Warworld, Sinestro's home base. The Green Lanterns have vanished, leaving no one to oppose the Sinestro Corps' reign of terror. No one, that is, except the last Lantern: Hal Jordan. Convicted of crimes he didn't commit, reduced to a being of pure thought and will, Hal must now battle back from the brink to reform the Corps and free all of creation from his archenemy's iron fist. Sinestro's word is law...but Hal Jordan is the lawbreaker! Collects issues #1-7 and the HAL JORDAN AND THE GREEN LANTERN CORPS: REBIRTH one-shot special. The attack on Pearl Harbor swept America into the raging heart of the war. The stormy South Pacific presented a daring new challenge, and the men of the Corps were ready to fight. An elite fraternity united by a glorious tradition of courage and honor, the Marine Raiders were bound to a triumphant destiny. Now, the bestselling author of the acclaimed BROTHERHOOD OF WAR saga continues the epic story begun in Semper Fi. A story of lovers and fighters, leaders and heroes--the men of the United States Marine Corps...
