with finding the socks from the same pair. They are always different. Not that this fact is bad, but then why the socks companies produce and sells them on couples? Like all of us, I found that I mostly loose my socks in the laundry machine. We all know the story about the socks monster, but we have never seen it. The monster I mean. That`s why I decided to write and illustrate this book. It is here to show us, that two socks of a pair are not that important, but it is also here to teach us about LOVE & FRIENDSHIP and to show us all the small magic moments in life. The story`s goal is to make people smile, look on the magic and silly side of life where you have 2 different socks and where you can match with different people and create beautiful friendships. With this book, I am trying to highlight the friendship and the idea we are all different, but that is not something important. That`s where the magic is hidden - in being different. Filled with fun facts, giggles galore, and googly eyes, the Big Jobs board books are the perfect introduction for babies and toddlers to the big world around them, starting at home! With vibrant artwork and clever humor, this original board book series is a celebration of childhood curiosity and the most captivating topic of all--household appliances! In Washer & Dryer's Big Job, follow along as these amazing appliances show us how your dirty clothes get clean. From sudsing up your smelly socks, stained sweater, and pancake-covered pj's, to getting them cozy and dry, Washer and Dryer have a big job to do—but so do you! Learn how it's all done in this rollicking read-aloud that will delight parents and kids alike. When former party girl and society photographer Theophania Bogart flees to San Francisco to escape a high-profile family tragedy, a series of murders drags her unwillingly out of hiding. In no time at all she discovers she's been providing cover for a sophisticated smuggling operation, she starts to fall for an untrustworthy stranger, and she's knocked out, tied up and imprisoned. The police are sure she's lying. The smugglers are sure she knows too much. Her friends? They aren't sure what to

believe. The body count is rising and Theo struggles to find the killer before she's the next victim or her new life is exposed as an elaborate fraud. But the more deeply entangled she becomes, the more her investigation is complicated by her best friend, who is one of her prime suspects; her young protégé, who may or may not have a juvie record; her stern and unyielding grandfather, who exposes an unexpected soft center; and the man on her washing machine, who isn't quite what he appears, either. Susan Cox's Minotaur Books/Mystery Writers of America First Crime Novel Award-winning novel is a charming debut with wacky, colorful characters and a delightfully twisted mystery. Discusses how household tools have changed, from how homes are heated and cooled to how clothes and dishes are cleaned. Taking readers deep inside the world of money laundering, this intriguing book shows it to be a highly sophisticated business that poses a threat to the world's financial institutions and global markets. The first and only book containing a comprehensive history of washing machines. Included are over 200 color pictures of washers dating from the early 1800s. A description of the many and varied types of machines along with picture examples is given. Also included are discussions on finding antique washers, restoration, patent descriptions, advertising, safety issues and the companies which manufactured washers. Promotes Brown's single-cylinder washing machine and Bailey Washing & Wringing Machine Co. wringers for commercial use by laundries, hotels, and factories. Written especially for do it yourself folks, trade schools, and other inexperienced repair persons. How you can fix the most common problems with the most common washing machines. Melissa Little's is the wife of a police officer. Through her writings of the life of a police officer's wife, she hopes to build a bridge across the country to unite all families of officers. Howstuffworks, Inc. presents the full text of the article entitled "How Washing Machines Work," by Karim Nice. The author discusses how the washing machine cleans clothes, the components of the
