FSpaceRPG is a science fiction roleplaying game in the classic mould. In the late 22nd century mankind expands into the the stars only to find them in more turmoil than it's own internal nationalism. Pitted against the onslaught of the expansion of the Stotatl Empire, humanity must defend itself while forging alliances with others who face absorption. Whether you're a Terran soldier or an Aronhi Warrior from the partially conquered Aronhi Empire, one goal stands supreme above all, survival. The wits and courage to stand and fight against superior odds and create victories from difficult situations. But not all the glory lies in the hands of warriors. Exploration of the vast wilderness that is space, charting dangers, finding resources and contacting potential allies is a cornerstone of survival. The conflict, intrigue, action and adventure of these times provide an exciting roleplaying environment for players, whether they like playing space marines, traders, spies, investigators or just general adventure seekers. Some of them stem from her role as a registered nurse, psychologist, coroner, teacher, daughter, wife, mother, and friend. Others are from the perspective of people that she has come to love and admire. Although each subsection can be read on its own, when taken all together, they form a guide for living life more fully. Fire Investigator As the Blue Angels; aircraft in the late 1950s, Grumman;s F11F-1 Tiger came to symbolize the speed and might of U.S. Navy airpower. The Tiger was originally conceived as an upgrade of the F9F Cougar. It eventually morphed into a new design, that incorporated the area rule to enable cruising speeds up to 1.1 Mach. The prototype flew in 1954, and carrier trials commenced in 1956. Eventually seven squadrons flew F11Fs. Hampered by maintenance issues

affiliated with the J65 engine, and the fact that the Vought Crusader was clearly superior, the Tiger had a short service life. It was withdrawn from carrier duty after four years, in 1961. Only 199 were built. The remaining Tigers flew in a training capacity, and the Blue Angels continued to fly them for over a decade, 1957-1969. Originally printed by the U.S. Navy, this handbook provides a fascinating glimpse inside the cockpit of the Tiger. Originally classified *restricted*, the manual was declassified and is here reprinted in book form.
