Vermont Civil War Enterprises announces the release of its latest book "They Could Not Have Done Better: Thomas O. Seaver and the 3rd Vermont Infantry in the War for the Union." Authored by Robert G. Poirier the text traces the history of the 3rd Vermont Infantry and its most famous commander from its organization through the conflict's most difficult battles. The author researched a myriad of previously unpublished primary sources, official state records, National Archives files and records, and contemporary newspaper accounts to interface the unit's role in the history of the war with that of the Old Vermont Brigade and the Union's Army of the Potomac. Thomas O. Seaver, one of the regiment's six Medal of Honor recipients was a Norwich University alumnus (Class of 1859). The book not only describes the regiment and its parent brigade's

actions, but also documents the critical role of the Union's "other West Point" in the formation, training, and combat successes of this often overlooked elite brigade. The accounts of the Green Mountain Boys achievements in the battles of Second Fredericksburg (Chancellorsville), the Wilderness, Spotsylvania, and Cold Harbor will be of interest to historians and Civil War fans alike. The final chapter of the book, which compares and contrasts the achievements, casualty rates, and combat performance of the 3rd Vermont and the Old Vermont Brigade to that of more famous units such as the "Iron" and "Irish Brigades," breaks new ground. It not only demonstrates the superior accomplishments of the Vermonters in a number of areas, but also provides a number of contemporary and modern citations regarding the Vermonters' battlefield prowess. The analysis as well as the quotations from several well-known historians will be of particular interest to readers. Mr. Poirier is a 1966 graduate of Norwich, a former Major and Vietnam veteran, and a retired Central Intelligence Agency manager and analyst with over 25 years of intelligence experience. This is Mr. Poirier's third book. He has also written a large number of intelligence and historical articles for various intelligence, military, and historical journals. History of Nazi Germany.
